

While it may be alleged that Committee membership by several of the MAG chairmen may be somewhat demanding of their time, I believe it to be an excellent way of involving this group of employees and, indirectly, establishing more interest in the whole matter by membership of all the Management Advisory Groups. I further believe making the Deputy Comptroller the alternate chairman and full-time voting member brings to bear the competence and responsibility of that unit which speaks for itself.

Should you find interest in this proposal, I suggest we first discuss it with Fred Janney to ensure his support and then we forward it to the Management Committee. There is also attached for your information a current listing of members of the Suggestion Awards Committee.

John F. Blake
Associate Deputy Director
for
Management and Services
